

Watch County Testing September 16-30, 2020

*Barbour, Boone, Cabell, Harrison, Doddridge, Fayette, Kanawha,
Lincoln, Logan, Marion, Mingo, Monongalia, Monroe, Nicholas, Ohio,
Putnam, Summers, Taylor, Wayne and Wyoming Counties*

Date of Report: October 22, 2020

Background

Under the direction of Gov. Jim Justice, the West Virginia Department of Health and Human Resources (DHHR) established a pandemic leadership team in the state of West Virginia. As part of that effort, the DHHR Health Command team, local health departments, local emergency management and West Virginia National Guard developed a plan to increase COVID-19 testing opportunities for the Watch County communities. This testing was undertaken in partnership with local health departments and other community partners.

The initiative worked to reach residents who have struggled to be seen by a physician or who do not have insurance to pay for testing. It provided free, optional testing to residents, including asymptomatic individuals, in counties with evidence of COVID-19 transmission.

An upward trend in the instantaneous reproduction number (R_t) was detected in these counties through daily monitoring of key indicators. In response, DHHR's Bureau for Public Health's leadership rapidly initiated testing events throughout the region to better understand the current level of disease within these communities. Testing was held from September 16 through 30, 2020 in Barbour, Boone, Cabell, Harrison, Doddridge, Fayette, Kanawha, Lincoln, Logan, Marion, Mingo, Monongalia, Monroe, Nicholas, Ohio, Putnam, Summers, Taylor, Wayne and Wyoming counties.

The following data highlights the increase in test results of individuals tested during this time frame. Data from additional rounds of community-based testing will be added subsequently.

Of note is the fact that this effort is meant to be a starting point to addressing the issue at hand. It is our hope that the lessons learned, tools and partnerships developed through this testing initiative can further build upon relationships and systems at the community level to assure education, outreach, testing and follow-up care is available to all.

Our thanks go to all who have made this effort possible, especially the pandemic leadership team and most importantly, the communities themselves.

Results by County

Kanawha – September 16-17, 20-22, & 25
