

23.13 WORK REQUIREMENTS

The individual must be engaged in competitive employment. There is no minimum amount of hours an individual must be employed for M-WIN eligibility. This includes self-employment and non-traditional work which is compensated at or above the federal minimum wage in a setting which also includes or could include non-disabled individuals. This does not include settings such as sheltered workshops if less than minimum wage is paid.

EXCEPTION: Certain sheltered workshops have contracts offering employment both inside and outside the sheltered workshop setting. Individuals employed through a sheltered workshop contract working on an outside contract are paid at or above the federal minimum wage and are engaged in competitive employment alongside others without disabilities.
