## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: West Virginia

## 4.26 Drug Utilization Review Program

Page 74f

Citation 1902 (a)(85)

K. West Virginia Medicaid has fully implemented 1902(a)(85) in conjunction with Section 1004 of the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act (P.L. 115-271). The State is in compliance with the new drug review and utilization requirements set forth in Section 1902 (a)(1985) of the Act, as follows:

West Virginia Medicaid has safety and clinical edits in place that include:

- Safety Edits including subsequent opioid fills and maximum daily Morphine Milligram Equivalents (MME)
  - a. Prospective safety edits on opioid prescriptions to address:
    - i. Days' supply
    - ii. Early refills
    - iii. Duplicate refills
    - iv. Quantity limits
    - v. Daily Morphine Milligram Equivalents (MME) as recommended by clinical guidelines
    - b. Retrospective reviews on opioid prescriptions exceeding:
      - i. Days' supply
      - ii. Early refills
      - iii. Quantity limits
      - iv. Daily Morphine Milligram Equivalents (MME) as recommended by clinical guidelines
- 2. Concurrent Utilization of Opioids and Benzodiazepines
  - a. The State has implemented DUR edits and retrospectively monitors results of edits for concurrent use of opioids and benzodiazepines on an ongoing basis.
- 3. Concurrent Utilization of Opioids and Antipsychotics
  - a. The State has implemented DUR edits and retrospectively monitors results of edits for concurrent use of opioids and antipsychotics.
- **4.** Program to Monitor Antipsychotic Medications in Children
  - a. The State has implemented and monitors results of the following DUR edits for children, including foster children, utilizing antipsychotics:
    - i. Age restrictions
    - li Diagnosis restrictions
    - ii. Quantity limits
    - iii. Duplication of antipsychotics
- 5. Process that identifies potential fraud or abuse-
  - A. A lock in program is in place to identify members who meet criteria for doctor shopping or pharmacy hopping in order to obtain inappropriate controlled substances.
  - B. A monthly report of claims that exceed set dollar amounts is generated and reviewed regularly to ensure correct pharmacy billing and appropriate use of the drugs utilized.
  - C. Regular reports of Top Prescribing Providers and Top Pharmacies are generated. Prescriptions generated by the identified prescribers and filled by the reported pharmacies are reviewed for appropriateness.
- **6.** Annual Report on DUR Activities- The DUR Coordinator completes a report on DUR Activities and submits it annually to the Center for Medicare and Medicaid (CMS)
