DEPARTMENT OF HEALTH AND HUMAN RESOURCES  
Bureau for Social Services  
Commissioner's Office**

**Sherri A. Young, DO, MBA, FAAFP  
Interim Cabinet Secretary**

**Jeffrey M. Pack  
Commissioner**

Dear Foster Care Provider:

The West Virginia Department of Health and Human Resources authorizes that all foster children have the option to obtain a Youth Identification Card. The Division of Motor Vehicles requires a certified copy of the foster child's birth certificate and social security card be presented to the examiner prior to having the photograph taken. This letter of authorization and the Driver's License/Photo ID application will be presented to the Division of Motor Vehicles Regional Office and/or State Police Exam Center.

The identification card will not be developed unless this letter of authorization, Driver's License/Photo ID Application, a certified birth certificate and Social Security Card are shown. If you have more than five children residing in your home, please call the DMV Regional Office and/or Exam Office to make arrangements.

Please complete the following form using **BLUE INK ONLY!** Please print.
