## Recycled Hearing Aid Program Application

Quota International of Charleston is a non-profit service organization committed to helping people who are hard of hearing. Our organization has established a hearing aid bank in order to provide amplification for individuals who are hearing impaired and who are financially unable to purchase hearing aids. Individuals who live in Kanawha and the surrounding counties are eligible for our program. The hearing aids are the behind-the-ear style donated to Quota by individuals who no longer use the hearing aids. Although the hearing aids have been used, they have been checked for performance and, if necessary, have been repaired or reconditioned.

One hearing aid per qualified applicant is provided at no charge. There are participating certified audiologists who will provide services (fitting, evaluation, counseling) at no charge. The individual receiving the hearing aid is responsible for obtaining his or her hearing evaluation, for purchasing the ear mold (approximately \$50.00), and for obtaining hearing aid batteries.
