About this report:														
<i>Inmates</i> are adults in prisons, jails and work-release facilities. HCC and MOCC figures include their satellite work camps. <i>Residents</i> are youths in Juvenile Services facilities.														
<i>Employees:</i> all categories except staffing totals include contract and other non-state staff. Confirmed and recovered totals also reflect off-site testing when reported to DCR ; categories otherwise reflect testing at facilities.														
<i>Non-facility employees</i> include parole officers and Central Office personnel.														
Active cases: current positive cases. All positive individuals are placed in isolation.														
Recovered cases: reflects CDC guidance, and for employee cases are determined by the facility's local health department.														
Positive test results: reflects the cumulative number of positive results and not the number of infected inmates, as positive inmates may be tested multiple times.														
Results pending: all symptomatic inmates and residents awaiting test results remain in isolation.														
Total tests reflects the number of tests performed and completed; an individual inmate or resident may be tested more than once.														
Quarantine: inmates/residents NOT showing symptoms but separated because they are new intakes, back from a hospital for unrelated reasons, etc.														
Testing reflects decisions by DCR leadership and facility medical providers, following appropriate guidance and in collaboration with state and local public health authorities.
