Introduction – Welcome to VAMS

The Vaccine Administration Management System (VAMS) is a secure, web-based tool built to help jurisdictions, vaccination clinics, organizations, and vaccine recipients manage COVID-19 vaccination efforts. It supports operations and data collection and tracking to meet COVID-19 vaccination requirements.

Four Portals

Each portal is designed for a specific type of user.

Jurisdiction Portal
- Register your jurisdiction
- Add organizations and clinics within your jurisdiction

Organization Portal
- Register your organization's information
- Add organization members for COVID-19 vaccination eligibility

Recipient Portal
- Register my patient information
- Schedule a COVID-19 vaccination appointment
- View my COVID-19 vaccination certificate

Clinic Portal
- Register your clinic information
