

Calibration Log

**Infant Scale (Seca 374), Calibration Instructions**

Calibration for the Infant Scale (Seca 374 electronic scale) should be performed annually.

If the scale needs to be recalibrated please contact Perspective Enterprise. If the calibration is not done correctly it will void the warranty of the scale. You can contact the customer service at: 800-323-7452. They will be able to assist further.
