

7.01 Local Agency Outreach Responsibilities

I. POLICY:

Every WIC Local Agency (LA) will conduct consistent targeted outreach to WIC-eligible populations by informing eligible persons of the availability of Program benefits, including the eligibility criteria for participation, and the location of local agencies operating the Program. At least once annually such information shall be publicly announced via multiple avenues which includes at a minimum, but is not limited to:

- print media;
- social media;
- broadcast media (television or radio); and
- community enrollment events in each county served by the LA.

WIC Program information, outreach and marketing materials shall also be distributed to offices and organizations in each county served by the LA that deal with significant numbers of potentially eligible persons (PEP), including health and medical organizations, hospitals and clinics, welfare and unemployment offices, social service agencies, farmworker organizations, Indian tribal organizations, organizations and agencies serving homeless individuals, and religious and community organizations in low-income areas.

WIC Nutrition Services Standard 10 - Program Coordination - will also be addressed through LA outreach and marketing by 1) coordination with services of other programs that may benefit participants; 2) collaboration with service providers to ensure accurate and consistent awareness messaging; 3) representing and promoting WIC nutrition services at meetings and conferences; 3) developing plans and fostering positive relationships with community partners; and 4) conducting systematic reviews of coordination and collaborative efforts with other programs at the local level that includes a review of activities, plans and agreements.

Funding for the WIC Program is determined by participation in the program, therefore, the LA will continuously develop and carry out annual targeted campaigns to inform and entice potential eligibles to apply for and make use of the benefits of WIC Program as well as increase awareness of WIC Program services by organizations serving maternal, child and family populations.

Each LA will commit 120 hours per quarter engaging in direct engagement outreach activities within every assigned county when the Local Agency must increase caseload as specified by the State Agency. Outreach administration activities - outlined in Section B of procedure below and documented work hours as “Admin Services” do not count toward the 120 hour quarterly grant performance measure. Hours dedicated to retention of actively certified participants is considered client services. These hours are not to be included in the quarterly grant performance measure of 120 hours of outreach.

Local Agency outreach efforts will be evaluated for effectiveness including, but not limited to, measurements such as participation rates (i.e. monthly caseload and average annual caseload), unduplicated count (i.e. number of individual participants and families served each calendar

year), PEP participation rates, service provider and community partner surveys, and community event evaluations.

Mandatory Targeted Annual Outreach

- Publicize the availability of the WIC Program (7.02)
- Build an outreach network (7.03)
- Inform organizations in the outreach network about the WIC Program (7.04)
- Coordinate with other community resources (7.05)
- Outreach to pregnant women, with emphasis on reaching and enrolling eligible women in the early months of pregnancy, and newborns (7.06)
- Outreach to homeless (7.07)
- Outreach to migrant populations (7.08)
- Outreach to dislocated workers (7.09)
- Outreach to agencies or organizations which specifically serve racial/ethnic groups or other protected groups underrepresented in the general population (1.08 C.5.a.)

II. PROCEDURE:

A. Local Agency Outreach Liaison

1. Local Agency Outreach Liaison (ORL) will be designated for the LA
2. The ORL will be responsible for performing all duties listed within the current approved job description ([Attachment 1](#)), including the following:
 - a. Coordinating and enhancing outreach efforts at the local level by managing local agency outreach material orders and reviewing locally produced materials and media releases to ensure quality and alignment with State Agency (SA) standards before submission to the State Outreach Coordinator (ORC) per Policy 7.02.
 - b. Attending and participating in monthly Touchpoints hosted by the State Agency to ensure the ORL, or appropriate designee, is networking, sharing and adopting best practices as well as providing updates on quality improvement initiatives and outreach performance measures. Monthly Touchpoints are facilitated by the ORC.
 - c. Soliciting all LA staff input, and providing one consolidated LA response, on any SA requested comment periods specified for ORLs by the designated deadlines.
 - d. Meeting with the ORC and other LA ORL annually for outreach strategic planning and defining the federal fiscal year marketing campaign.

7.01 Local Agency Outreach Responsibilities

- (1) In preparation for this annual planning meeting, each ORL will attend an individual meeting with the ORC to complete and/or share the LA outreach evaluation and status
- (2) Invite the ORC to all community events hosted by the LA. The ORC will attend at least one event of each LA annually for job shadowing and assessment of LA outreach methods.
- e) Conducting personnel development of LA staff to build skill sets for outreach in all LA assigned counties
- f) Presentation at each LA quarterly staff meeting using topics and tools from ORL Touchpoints, Operational Quality Improvement, and Local Agency Director guidance.
- g) Field shadowing with other LA staff conducting outreach

B. Local Agency Performance Measures

- 1. Outreach hours will be logged on approved Outreach Log [Attachment 2](#) and submitted to the State Agency by the 10th of each month.
- 2. The only hours that should be reported in the Local WIC Agency monthly outreach hour report and considered towards the 120-hour quarterly grant performance measure, are those hours dedicated to activities intended to reach potentially eligible participants, publicly announce eligibility criteria, and inform or distribute such information to organizations that deal with potentially eligible persons. Hours will be designated on the outreach log by Chapter 7 section notations in the below chart.

7.01 Local Agency Outreach Responsibilities

3. Outreach activities should address each section of Chapter 7 policy throughout the fiscal year. If an activity addresses more than one section of Chapter 7 policy, the hours should be recorded equally to document dedicated time for each target population.
4. Preparation time as well as time spent conducting an outreach activity may be counted as outreach hours. If planning and preparation is conducted internally, the time applies to the same policy section as when completing the activity. If planning is conducted with a partner or other non-WIC entities, the planning and preparation time spent is applied to policy section 7.05.
5. Outreach activities may apply to multiple chapter sections and time should be recorded accordingly. For example, a community baby shower with mobile enrollment:
 - Time spent planning
 - If part of planning committee = 7.05
 - If planning internal only = split time between 7.04 and 7.06
 - Time spent hosting mobile enrollment = split between 7.04 and 7.06
6. It is not expected for the WIC-30 Staff Record to match the outreach hour report. For example, some outreach hours may be logged under "other grants" on the WIC-30 (i.e. WIC Infrastructure Grants). In addition, there are other administrative activities (i.e. staff supervision) that would be considered on the WIC-30 but not documented as outreach hours.
7. An inquiry should be made to the ORC concerning how to charge and report activities not included in the subsequent listings.

C. Training of Local Agency Outreach Liaisons

1. ORL must be provided specific outreach training in the LA within the first six (6) to eight (8) weeks of employment or designation as an ORL.
2. ORLs with 12 months or more tenure may be assigned by the ORC to mentor new ORL. Mentors should be available for virtual meetings and questions with their mentee to offer guidance and encouragement for at least one (1) year. Mentors may assist with first-time outreach events, and provide guidance on the WIC Program and processes, including reporting processes.
