West Virginia Department of Health and Human Resources

Health and Safety Requirements for Informal and Relative Family Child Care Providers

Family providers caring for one (1) to three (3) children and providers caring strictly for related children are exempt from state regulatory requirements. However, these providers must meet minimal health and safety requirements if they wish to receive child care certificate program funds. The attached checklist shall be completed to certify compliance with minimal health and safety requirements. These requirements are part of the Child Care Provider Services Agreement.

Read the following statements. If the statement is true, put a checkmark in the "yes" column. If the statement is false, put a checkmark in the "no" column. If a statement does not apply, put a checkmark in the "N/A" column. If a provider does not meet a certain requirement and wishes to explain, comments may be entered on the last page.

The provider shall enter his or her name, address and phone number on the front of the form, and
then complete the checklist. The completed checklist must be returned to the local Child Care
Resource and Referral office within 30 days of the date of signing the Provider Service
Agreement or by All family providers who receive federal funds are
subject to an announced or unannounced monitoring visit and may be investigated if complaints
are received. A new Provider Services Agreement and updated checklist must be completed
every two years.
