

## Forums – License and Certification Processes

### Listserv Blast

Please join us for a discussion on barriers involved in the process licensing, certification, and requirements. We would like to learn and understand the aspects of our practices that create obstacles to becoming a new provider, renewing your license or certificate, or maintaining compliance. This will be an open discussion for all provider types. Forums will be held on the following dates and times. To join, click on the google link for the meeting you wish to attend.
