THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Section 1 Program Components

Program Components, 2605(a), 2605(b)(1) - Assurance 1, 2605(c)(1)(C)

1.1 Check which components you will operate under the LIHEAP program. (Note: You must provide information for each component designated here as requested elsewhere in this plan.)		Dates of Operation	
		Start Date	End Date
<input checked="" type="checkbox"/>	Heating assistance	10/01/2023	03/31/2024
<input checked="" type="checkbox"/>	Cooling assistance	10/01/2023	09/30/2024

Provide further explanation for the dates of operation, if necessary

If funding permits, crisis assistance, which includes the Emergency Repair or Replacement program, will run the length of the program. The Agency will primarily use funds for heating assistance and crisis assistance, if there are funds remaining a cooling service program will be offered.

Provide cooling services in parallel with heating throughout the period of performance for the fiscal program year to improve efficient of services to client while contractor or agency is there to do a repair or replacement. If the cooling system is not working then it can be resolved at that time without a gap in services. The heat index throughout the state during peak months warrants this due to impact on peoples wellbeing. The level of funding for this program will also cover any demand and should not prohibit it.

Estimated Funding Allocation, 2604(C), 2605(k)(1), 2605(b)(9), 2605(b)(16) - Assurances 9 and 16

The distinction is made regarding applicant's categorically eligible or non-categorically eligible status. Receipts of other benefits are considered in determining eligibility for LIHEAP benefits. Benefits for crisis payments are based solely on the above listed criteria plus the presence of an immediate need for home heating and the lack of resources to meet the existing need. 2.1 Designate the income eligibility threshold used for the heating component:

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? Yes No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test? Yes No

Do you have additional/differing eligibility policies for:

- | | |
|--|---|
| Renters? | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Renters Living in subsidized housing? | <input type="radio"/> Yes <input checked="" type="radio"/> No |

| Disabled? | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Young children? | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Households with high energy burdens? | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Other? | <input type="radio"/> Yes <input type="radio"/> No |

Explanations of policies for each "yes" checked above:

Assistance groups that have utilities included in the rent but are not billed separately for heating costs must be evaluated for LIHEAP eligibility. If a client applies for LIHEAP and indicates that their utility is included in their rent, the worker will request verification of those said utilities. This can be done via phone call, rent receipt, lease, or contract. We also want to give priority to households that have someone in the household that is elderly, disabled, or there is a young child in the home that is age five or younger as these are the most vulnerable to the cooler temperature in the winter and the hotter temperature in the summer. We also want to give priority to those that have higher energy burdens as they may not have the extra money to pay for the higher heating bills.

High Energy Burden is defined by the total amount spent on the primary heating source is greater than 20% of the household's income.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Those that received LIHEAP last year that have someone that is aged, disable or a child in the home age five or under will be sent an application at an earlier time than those that did not receive LIHEAP benefit last year, thus giving these individuals/household a longer time to turn these application in.

Explanations of policies for each "yes" checked above:

Those clients that have someone that is aged, disabled or a child aged five or younger in the household will be given priority to apply before the application period is open to individuals/households without these needs. If a client reports that the utility used for cooling is included in the rent costs, the applicant must provide verification that he/she is responsible for paying this additional cost and meets other eligibility criteria.

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

A crisis is defined as being without home heat or being in danger of not having home heat and not having the resources to resolve the crisis without financial assistance. If the crisis threatens the loss of a utility, a past due bill or termination notice is required to be submitted with the application. If the home heating crisis is the result of a natural disaster, state and/or national public health emergency, payments may be issued to previously approved households. Under these circumstances, a past due bill, termination notice, or face-to-face interview may not be required. If there is an intake period in which an application is required, a past due bill or termination notice may be requested, but face-to-face contact may be waived. If the heating unit is no longer functioning or is considered unsafe heat, the client can be evaluated for the Emergency Repair and Replacement Program. If a client can no longer use the heating source due to a medical condition, i.e., a client is now disabled and cannot load a wood stove, then the heat source is considered unavailable. Households with unavailable heating sources are categorized as being in crisis, as well.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis is being without home heat or being in danger of not having home heat and having an illness or condition that will cause one's wellbeing to be detrimentally affected by not having heat or cooling in the home. A client also must have no way to resolve the crisis, i.e., having no money to pay the bill or having to pay for repair/replacement of a malfunctioning heating/cooling unit. A disconnect notice or past due notice is required to verify that the utility is in danger of being terminated. If the heating unit is not functioning, the client can be evaluated for the Emergency Repair or Replacement Program. Life-threatening crisis must be documented in all cases.

Crisis Requirement, 2604(c)

<p>The client must have a past-due bill or termination notice to be eligible for crisis assistance. The client must verify the lack of resources to eliminate the crisis. Lack of resources can be verified by the client to validate their income, which would show that he/she does not have sufficient income to eliminate the termination. If the client reports no income, then the client must fill out a zero-income form. For the Emergency Repair or Replacement portion of the crisis assistance, the client would have to meet the income guidelines and have a non-working or unsafe heating source or have no heating source at all, to be eligible. For the repair or replacement of the air conditioner units, the client would have to be income eligible, have a non-working or improperly functioning unit and have someone in the household that is age 60 or over, or someone that is disabled, or a child in the home that is age five or under. The Agency can accept a doctor's statement to verify the medical condition for the cooling repair or replacement assistance if the client is not considered disabled by the Social Security Administration.</p> <p>When home energy costs are included in the rent, the client must verify the lack of resources to eliminate the crisis.</p>

4.13 Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?

Yes No If yes, Describe

The maximum payment for heating and or cooling assistance, including crisis benefits, is \$2,000.00 for the program year per household. In an emergency space heater, or portable window AC units may be offered by our Community Action Agencies when a client is eligible for the Emergency Repair or Replacement Program and the client has no heat or cooling source and parts and or equipment needs to be ordered to eliminate the emergency.

4.14 Do you provide for equipment repair or replacement using crisis funds?

The agency provides cooling system repair or replacement assistance during the summer crisis months, usually May - July. If a client has a non-working heating and or/cooling system, the agency will replace it at any time during the fiscal year, if funds are available. If a client has only a non-working air conditioning unit, an application for repair or replacement services assistance can be submitted only after May 1, when the cooling assistance period begins. Clients needing assistance to replace or repair both heating and cooling systems can file an application on a 12-months basis. The Agency will provide funds for electrical upgrades to install replacement units for clients, if needed. Propane gas tank replacement services assistance is also available.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

If a client applies for LIHEAP and indicates that the utilities are included in with rent, the worker must request verification of those said utilities. This can be done by phone call, rent receipt, lease agreement or written statement from the landlord.

When weatherizing a unit a rental agreement is required to be completed by the landlord releasing liability and consent for the agency to perform work on the dwelling.

Vulnerable members are prioritized by heating terminations, age, disability, and documented health issues. The Agency have smaller grants with Community Action Agencies (CAAs). These CAAs go out into more rural areas and help vulnerable individuals complete the applications. The CAAs then mail or deliver the applications to the West Virginia Development Office. The Weatherization Program administered through the West Virginia Development Office has a points system that gives higher weight to those who are aged and/or disabled or have a child in the home that is age five or under.

WVDED has developed a point system to rank clients in the data management system that tracks all clients, dwellings, and weatherization work:

10 points for high energy users

10 points for high energy burden clients

5 points for elderly clients (60 years or older)

5 points for clients with disabilities

5 points for households with children under 18 years old

For applicants with the same number of points, priority will be given to applicants who have been on the waitlist the longest.

These factors alone do not determine eligibility but do weight the application.

The agency also gives priority to households designated as High Energy Users.

Subgrantees will keep adequate documentation of which recipients receive energy related roof repairs and storm windows and justification for these repairs.

Benefit Levels

5.9 Do you have a maximum LIHEAP weatherization benefit/expenditure per household? Yes No

6.1 Select all outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available:

- Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.
- Publish articles in local newspapers or broadcast media announcements.
- Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.
- Mass mailing(s) to prior-year LIHEAP recipients.
- Inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.
- Execute interagency agreements with other low-income program offices to perform outreach to target groups.
- Other (specify):

To reach vulnerable populations in West Virginia, the Agency plans to work closely with Senior Centers to coordinate outreach and to assist with completing LIHEAP applications. The Agency will also seek permission from the public schools in all counties to send informational flyers home with students so that parents and/or guardians can receive information about LIHEAP application time periods and about the Emergency Repair or Replacement Program.

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

8.2 How do you provide alternate outreach and intake for HEATING ASSISTANCE?

LIHEAP has a separate intake process, which is completed mostly by mail. Outreach is accomplished by mailing an application packet. The application form may be mailed to the local DHHR office or taken to a Community Action or Area Agency on Aging (Senior Citizen Centers) office or Center for Assistance. Community Action and Area Agency on Aging volunteers make home visits to reach those clients who are disabled and/or homebound.

8.3 How do you provide alternate outreach and intake for COOLING ASSISTANCE?

West Virginia will implement Cooling Assistance with any remaining funds. If Cooling Assistance is provided/funded, it will have the same outreach as Heating Assistance, i.e., mailing application packets to clients. The application form may be mailed to the local DHHR office or taken to a Community Action or Area Agency on Aging office or Center for Assistance. Community Action and Area Agency on Aging volunteers make home visits to reach those clients who are disabled and/or homebound.

8.4 How do you provide alternate outreach and intake for CRISIS ASSISTANCE?

Public Service Commission regulated energy providers use billing notice inserts to inform customers about when LIHEAP crisis funds are available and to refer them to DHHR. Community Action and Area Agency on Aging personnel make referrals to DHHR when clients request assistance with heating bills and/or Weatherization services.

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

- | | |
|-----------------------|---|
| Heating | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Cooling | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Crisis | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Are there exceptions? | <input checked="" type="radio"/> Yes <input type="radio"/> No |

If yes, Describe.

Some of the home energy suppliers are vendors in the Agency's eligibility system. These are Public Service Commission (PSC) regulated vendors. If the vendor is set up in the Agency's eligibility system, the Agency can pay them directly instead of sending a payment to the client. If the fuel vendor is not PSC regulated, the Agency will pay the client directly. These are typically wood, coal, propane, and kerosene vendors.

9.2 How do you notify the client of the amount of assistance paid?

If a client is found eligible for energy assistance, he/she will receive an approval letter that tells the client the amount that he/she have been approved for and the method of disbursement. For the heating payment the client should receive notice no later than 30 days after the Agency has received the application. If this is a crisis payment, the application is processed the day that the client comes in to apply and the client is informed during the application process.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The vendor agreement contains the following statement: Households that receive LIHEAP in the normal billing process will be charged no more than the difference between the cost of the home energy used and the payment that is provided by the DHHR.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The vendors accept the LIHEAP payments as they would any other payment. The clients are not coded differently in the vendor systems for receiving LIHEAP. Our eligibility system creates a payment file, and if refunds are necessary vendors return LIHEAP funds back to the State Auditor's Office. Vendors have a direct line of communication with the Auditor's Office to resolve any issues. The vendors have been trained how to handle any funds that need to be returned. The vendor agreement also states no household that is receiving LIHEAP will be treated adversely because the household receives assistance from the DHHR.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

Direct payments are made to clients who use bulk fuel unless crisis funds are involved. In a crisis, vendor payment is preferred unless the client must self-deliver in partial amounts and no vendor is willing to set up a "credit" account.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

MODEL PLAN
SF - 424 - MANDATORY**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

Federal funds awarded to West Virginia are committed and identified in WV (Our Advanced Solution with Integrated Systems) OASIS. LIHEAP customer payments are also entered into OASIS and daily payments are tracked and monitored to determine that expenditures do not exceed the amounts that are awarded. The state's Recipient Automated Payment and Information Data System (RAPIDS) is the benefits issuance processing program that workers access to determine customer eligibility for LIHEAP. The system provides individual approvals and daily batch approvals which allow for dual controls. Benefits are approved in RAPIDS and can be sent to OASIS for payments to utility companies, bulk fuel vendors and to clients.

Weatherization funds are not transferred to other state agencies. The West Virginia Development Office (WVDO) runs the Weatherization program for West Virginia. The WVDO is allotted 15% of the total grant funds.

The DHHR Finance department tracks all funding spent for this grant. This includes refunds, weatherization's, administration, heating assistance, crisis, and carryover.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken
1	reporting	DHHR considered those other governmental agencies to be subrecipients of the DHHR instead of being part of the state's prime recipient tier. This viewpoint proved to be incorrect because transfers of federal awards to another component of the same auditee under 2 CFR 200, Subpart F, do not constitute a subrecipient or contractor relationship; furthermore, a grant agreement is the only means by which the DHHR can pass through a portion of the federal award to state agencies that are external to the DHHR. During fiscal year 2022, the DHHR revised its practice when awarding funds to agencies of the state that are external to the DHHR. The DHHR began considering those other governmental agencies to be part of the states prime recipient tier instead of being first tier subrecipients of the DHHR. Accordingly, when transferring federal awards to another state agency, the DHHR Office of Grants Management and DHHR Spending Units started working together as necessary to ensure that all sub awardee information for the state is complete and accurate. During fiscal year 2022, the DHHR also revisited	In Progress	procedure/policy changes

		<p>its standard grant agreement template in relation to other state agencies. Although changes to the main body of the grant agreement were not necessary, the DHHR made a revision to Exhibit G (Required Reports) of the agreement. When a grant was provided to another state agency using federal funds as the source of the grant, in whole or in part, the Office of Grants Management instructed the spending unit to review the detailed line-item budget and conduct other pre-award procedures as may be necessary (e.g., inquiring of the other state agency) to determine if the other state agency planned to subgrant a portion of the funds. If the other state agency planned to subgrant a portion of the funds, the Office of Grants Management required the spending unit to include a clause within Exhibit G of the grant agreement that required the other state agency to provide the FFATA data to the spending unit on a monthly basis (due 15 days after the end of each month). Upon receiving the FFATA data from the other state agency, the spending unit was then required to submit the information to the DHHR Office of Grants Management for purposes of timely FFATA reporting to FSRS.gov. Prior to October 5, 2022, this process was 145 STATE OF WEST VIRGINIA Dave Mullins DEPARTMENT OF ADMINISTRATION Acting Director of Finance Financial Accounting & Reporting Section (304) 414-9040 2101 Washington Street, East Charleston, WV 25305 Betsy Chapman Single Audit Coordinator (304) 414-9072 CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2022 accomplished via informal discussions (e.g., emails to and from other state agencies, monitoring calls, meetings held between the Office of Grants Management and spending units on a regular basis, etc.). Effective October 5, 2022, the DHHR formalized this process via a system directive from DHHR Finance to all users of the DHHR's subrecipient Grants Management Solution system (CRM). These additional controls should resolve the condition that led to the LIHEAP portion of the finding.</p>

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 29

12.2 How many of those fair hearings resulted in the initial decision being reversed? 2

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

There were 29 requests for a fair hearing for FY 2023. There were 5 cases that were dismissed, 14 cases that were withdrawn prior to the hearing, as they were resolved by the parties, 6 cases were abandoned by the client/no shows, 2 cases that upheld the Department's decision, and 2 cases were reversed. There will be yearly training for all eligibility workers prior to this LIHEAP season. There will also be hands-on training and technical assistance as needed by the local offices. LIHEAP Coordinator is reviewing all fair hearing information to determine if a policy change is needed or strengthened.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Applicants who indicate that they want a fair hearing receives a form on which they must indicate whether they want a pre-hearing conference, fair hearing, or both. Requests must be made within 60 days of the date of the denial, and the Hearings Officer must render a decision within 60 days from the date of the hearing. In most cases, the issue is resolved in a pre-hearing conference. The applicant is informed of his or her rights to a fair hearing at the time of application and when he or she is notified of the decision made on the application. There is a posted notice at each agency that informs applicants of their right to a fair hearing. Any Weatherization Fair Hearing requests will be handled by the sub-grantee that administers our Weatherization program.

12.5 When and how are applicants informed of these rights?

The applicant is informed of his or her right to a fair hearing at the time of application and when he or she is notified of the decision made on the application. Any Weatherization Fair Hearing requests would be handled by the sub-grantee that administers our Weatherization program.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Applications for LIHEAP benefits are required to be processed within 30 days from the date that the application is received by the DHHR. Clients may request a fair hearing when the application is not processed timely. As with denials, a pre-hearing conference usually resolves these issues. Weatherization applicants are informed that there is a very long waiting list for assistance, and it may take 2-3 years for Weatherization services to be performed. Rejected applicants must be notified within ten days and given the reason for the rejection. Approved applicants are kept informed of their status on the waiting list and the approximate date of completion.

12.7 When and how are applicants informed of these rights?

The applicant is informed of his or her right to a fair hearing at the time of application. There is also a public notice posted in each of our 54 county DHHR offices. In addition, there is also a notice of the right to a fair hearing provided to the applicant when the decision is made on the application.

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

West Virginia will collect and report on LIHEAP performance measures data to ensure that the Agency is targeting and serving and providing bill payment assistance to households with the highest energy burden. The Agency will concentrate on restoration and prevention of loss, energy source, energy burden, income, and imminent risk of running out of fuel. West Virginia has defined "Imminent Risk" as being without, disconnected, or within three days of being without heat. The Agency's eligibility system currently collects annual household income, annual LIHEAP benefit, main fuel type and whether the client must pay for electricity or electric services. The Agency is also working with the major PSC-regulated utility vendors to capture annual energy usage (if applicable), prevention of loss and restoration of service.

From our past Statewide Single Audits, it was noted that workers did not keep copies of the utility bills for all case files, or a portion of the LIHEAP application was not properly stored in our online database. We are taking measures to improve this based on training and desk guides for our eligibility workers.

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
