Q1: How many Crisis Units are part of this grant?

A1: One Adult Crisis Response program will be established through this AFA. Per page three of the AFA document: “One award of $600,000 will be made to establish an ID/DD adult crisis response program that includes crisis response and 6 short term beds for 30 days or less for individuals with intellectual/developmental disabilities.”

Q2: I assume the 600K is an annual operational grant. Is that right?

A2: Correct, $600,000 is the annual operating amount for the grant.

Q3: The announcement reads that start-up is separate, but does not provide a maximum allowable start-up cost. Is there a cap on what can be proposed for start-up?

A3: There is not a cap on start up requests. Applicants who wish to request reasonable startup funds for their programs must submit a separate “startup” target funded budget (TFB) and budget narrative along with their proposals.

Q4: The SAMS registration needed. Do we use a state web site or federal website for registration.

A4: The System for Award Management (SAM) is a Federal Registration. Here is a link to the website for reference. https://www.sam.gov/SAM/

Q5: “In the BBHHF Funds column of the budget is it required to have the amount to be 600,000 or less for program expenses. Cell G16”.

A5: The amount $600,000 is not required, but is rather the limit for annual funding available.
