The U.S. Food and Drug Administration (FDA) requires that retailers verify the age of purchasers of cigarettes or smokeless tobacco who are under the age of 27 by means of photographic identification that contains the bearer's date of birth.

Always check the 18th birth date in the upper right-hand corner of the ID. If today's date is before the birthdate listed on the license, the customer is not old enough to buy tobacco products.

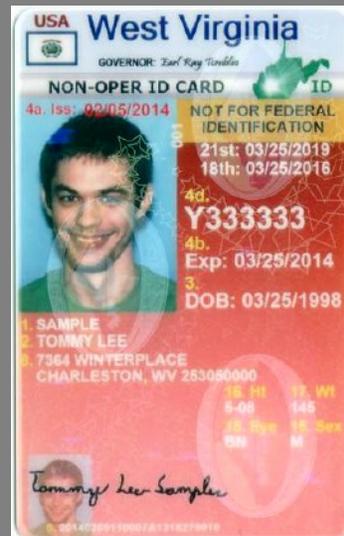

Employees who sell or furnish tobacco products to minor youth may be dismissed on the grounds of gross misconduct in accordance with **WV State Code §16-9A-2 (c)**, if the employer has provided the employees with prior written notice in the workplace that such act or acts may result in their termination from employment.

Firms, corporations and individuals who violate the provisions of **WV State Code §16-9A-2 (c)** will be guilty of a misdemeanor and fined.
