(1) Of the 6,385 slots approved by CMS, 90 are reserved for the Money Follows the Person and Rebalancing Demonstration Grant. This includes slots created by legislative appropriations but not yet submitted to CMS for approval due to the State-wide transition plan requirement.

(2) Unduplicated slots used refers to the total number of members who accessed services during the fiscal year.

(3) Monthly number added to MEL is being reported in the month an applicant is determined medically eligible; however, the individual's placement date on the managed enrollment list will be based on their initial application date.

(4) Other reason for closing a case may include, but is not limited to: No services for 180 days, unsafe environment, member non-compliance with program, member no longer desires services, member no longer a WV resident, member no longer medically or financially eligible.

(5) "Other" includes those who are no longer a WV resident, voluntarily decline the program, etc.

(6) Was previously reported in month/year. Now reported in actual days on the MEL

All data reported by Utilization Management Contractor is effective as of transpire date in web-based system. Data is point-in-time.

NOTE: Longest time spent on the MEL- If applicant became ineligible for waiver services (voluntarily declined services or no longer waiver eligible due to income/assets) but then regained eligibility, the number of days is counted beginning with newest instance of applicant-eligible status. This accounts for those who were not responsive to financial eligibility requirements, but then finally complied after the deadline and/or those who declined services and then shortly thereafter changed their mind. Previous months' data was revised to reflect this new methodology.
