

# West Virginia Preferred Diabetic Supply List (PDSL)

Effective 4/1/2019

The West Virginia Medicaid Program has established a Preferred Diabetic Supply List for preferred test strips and sensors. For your convenience, we have provided NDC codes and special instructions for obtaining compatible blood glucose meters. Please note that West Virginia Medicaid does not pay for fingerstick blood glucose meters. Preferred meters will instead be supplied by their manufacturers (Abbott Diabetes Care and Trividia Health Inc.). Instructions for obtaining these meters are located near the end of this document.

Effective April 1<sup>st</sup>, 2019 West Virginia Medicaid will also cover selected Continuous Glucose Meters (CGM) and the Omnipod Insulin System replacement pods with a prior authorization requirement. Please refer to our website for specific prior authorization criteria (<https://dhhr.wv.gov/bms/BMS%20Pharmacy/Pages/PA-Criteria.aspx>). The Omnipod Starter Kit and Omnipod Dash Starter Kit must be adjudicated with their manufacturer (Insulet). Instructions and a link to the manufacturer's medical necessity form are found at the end of this document.

## PREFERRED TEST STRIPS:

Test Strips: Manufacturer	NDC	Product Description
Abbott Diabetes Care Sales Corp.	99073071231	FreeStyle InsuLinx Test Strips- 50 ct
Abbott Diabetes Care Sales Corp.	99073071227	FreeStyle InsuLinx Test Strips- 100 ct
