

Edit 205 was developed to inform pharmacists when only selected strengths of certain drugs are preferred.

The pharmacist will first receive the message that the drug is denied because it is non-preferred. Following that, Edit 205 will provide text messages for the following drugs:

Non-Preferred Agents	Text for Edit 205
Cozaar 50 mg, 100 mg	Text: Cozaar 25 mg is preferred strength
Actos 30 mg, 45 mg	Text: Actos 15 mg is preferred strength
Kadian 80 mg, 200 mg.	Text: Preferred strengths are 10, 20, 30, 50, 60, 100 mg
