

West Virginia Preferred Diabetic Supply List (PDSL)

January 1, 2024

The West Virginia Medicaid Program has established a Preferred Diabetic Supply List for preferred test strips and sensors. For your convenience, we have provided NDC codes and special instructions for obtaining compatible blood glucose meters. Please note that West Virginia Medicaid does not pay for fingerstick blood glucose meters. Preferred meters will instead be supplied by their manufacturers (Roche Diabetes Care and Trividia Health Inc.). Instructions for obtaining these meters are in the billing information included in this document.
