

# West Virginia Preferred Diabetic Supply List (PDSL)

Effective 1/1/2022

The West Virginia Medicaid Program has established a Preferred Diabetic Supply List for preferred test strips and sensors. For your convenience, we have provided NDC codes and special instructions for obtaining compatible blood glucose meters. Please note that West Virginia Medicaid does not pay for fingerstick blood glucose meters. Preferred meters will instead be supplied by their manufacturers (Roche Diabetes Care and Trividia Health Inc.). Instructions for obtaining these meters are located near the end of this document.

Effective April 1<sup>st</sup>, 2019 West Virginia Medicaid will also cover selected Continuous Glucose Meters (CGM) and the Omnipod Insulin System replacement pods with a prior authorization requirement. Please refer to our website for specific prior authorization criteria (<https://dhhr.wv.gov/bms/BMS%20Pharmacy/Pages/PA-Criteria.aspx>). The Omnipod Starter Kit and Omnipod Dash Starter Kit must be adjudicated with their manufacturer (Insulet). Instructions and a link to the manufacturer's medical necessity form are found at the end of this document.

## PREFERRED TEST STRIPS:

Test Strips: Manufacturer	NDC	Product Description
Roche Diabetes Care Inc.	65702071110	Accu-Chek Guide Test Strip 50 ct
Roche Diabetes Care Inc.	65702071210	Accu-Chek Guide Test Strip 100 ct
Trividia Health, Inc	56151146003	True Metrix - 25 ct
