and Community-Based Program

What is the CDCSP?

CDCSP is an optional Medicaid program that allows a child with a severe disability who is eligible to receive the level of care provided in a medical institution — Acute Care Hospital, Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID), or Nursing Facility — to receive medical assistance. Only the child's income and assets are considered, providing all other eligibility criteria are met.

What does a child who is eligible for CDCSP receive?

The child will receive a West Virginia Medicaid card. Medicaid may pay the following:

- Premiums
- Deductibles
- Coinsurance and other cost sharing obligations for eligible members who have primary insurance.

The CDCSP is an alternative to institutional level of care and costs less than institutional services.

What are the responsibilities of Psychological Consultation & Assessment, Inc.?

Psychological Consultation and Assessment, Inc. (PC&A) is contracted by the West Virginia Department of Health and Human Resources' (DHHR) Bureau for Medical Services to perform administrative services and make eligibility decisions for the CDCSP.

PC&A communicates with DHHR employees as well as consumers, parents, guardians and other entities to provide information regarding CDCSP and addresses questions for the program.

What are the application requirements?

- West Virginia resident under the age of 19
- A denial notice for Supplemental Security Income (SSI)
- Complete the CDCSP-1 (Information Sheet)
- Complete the CDCSP-2A (ICF/IID Level of Care Evaluation)
- Complete the CDCSP-2B (Acute Care Hospital/Nursing Facility Level of Care Evaluation)
- Complete the CDCSP-3 Comprehensive Psychological Evaluation (ICF/IID Level of Care only)
- Complete the CDCSP-4 (Cost Estimate Worksheet)
