STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

TRANSFER OF RESOURCES

1902(f) and 1917 of the Act

The agency provides for the denial of eligibility by reason of disposal of resources for less than fair market value.

A. Except as noted below, the criteria for determining the period of ineligibility are the same as criteria specified in section 1613(c) of the Social Security Act (Act).

1. Transfer of resources other than the home of an individual who is an inpatient in a medical institution.

   a. The agency uses a procedure which provides for a total period of ineligibility greater than 24 months for individuals who have transferred resources for less than fair market value when the uncompensated value of disposed of resources exceeds $12,000. This period bears a reasonable relationship to the uncompensated value of the transfer. The computation of the period and the reasonable relationship of this period to the uncompensated value is described as follows:

b. /\ The period of ineligibility is less than 24 months, as specified below:

c. /\ The agency has provisions for waiver of denial of eligibility in any instance where the State determines that a denial would work an undue hardship.

2. Transfer of the home of an individual who is an inpatient in a medical institution.

\[\checkmark\] A period of ineligibility applies to inpatients in an SNF, ICF or other medical institution as permitted under section 1917(c)(2)(B)(i).

a. Subject to the exceptions on page 6 of this supplement, an individual is ineligible for 24 months after the date on which he disposed of the home. However, if the uncompensated value of the home is less than the average amount payable under this plan for 24 months of care in an SNF, the period of ineligibility is a shorter time, bearing a reasonable relationship (based on the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:

The uncompensated value divided by the average skilled nursing home per diem rate (as adjusted on 4-1 and 10-1) equals the number of days of ineligibility from the date of transfer.

b. Subject to the exceptions on page 2 of this supplement, if the uncompensated value of the home is more than the average amount payable under this plan as medical assistance for 24 months of care in an SNF, the period of ineligibility is more than 24 months after the date on which he disposed of the home. The period of ineligibility bears a reasonable relationship (based upon the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:

(2) the resources were transferred exclusively for a purpose other than to qualify for medical assistance; the individual must provide objective evidence that the transfer was exclusive for another purpose and the reason for the transfer did not include possible or future Medicaid eligibility; or

(2) Consistent with 1917(c)(2)(D), an institutionalized spouse who (or whose spouse) transferred resources for less than fair market value shall not be found ineligible for nursing facility service, for a level of care in a medical institution equivalent to that of nursing facility services, or for home and community-based services where the state determines that denial of eligibility would work an undue hardship under the provision of §1917(c)(2)(D) of the Social Security Act.
