HCPCS/Drug Code List
Version 12.8
Revised 11/4/20
List will be updated routinely

Disclaimer: For drug codes that require an NDC, coverage depends on the drug NDC status (rebate eligible, Non-DESI, non-termed, etc) on the date of service.

Note: Physician/Facility-administered medications are reimbursed using the Centers for Medicare and Medicaid Services (CMS) Part B Drug pricing file found on the CMS website--www.cms.gov. In the absence of a fee, pricing may reflect the methodolgy used for retail pharmacies.

Go to data.medicaid.gov for a complete list of drug NDCs participating in the Medicaid drug rebate program.

Consult with each Managed Care Organization (MCO) about their coverage guidelines and prior authroization requirements, if applicable.

Highlights represent updated material for each specific revision of the Drug Code List.
