Topic X: Program Integrity

Find in the Excel Workbook
B_State

Number	Indicator	Response
BX.1	**Payment risks between the state and plans** Describe service-specific or other focused PI activities that the state conducted during the past year in this managed care program. Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and other activities.	BMS has begun to audit reviews conducted by each plan and provide feedback addressing overpayment determinatio contract adherence, and plan policy compliance. We have encouraged greater SIU oversight of waiver programs, denta services, and DME provided by each plan to ensure all covered services are subject to review. We have worked to incre the frequency and quality of provider education delivered by MCOs through guidance and feedback in an effort to imp the integrity of the program and prevent fraud, waste, and abuse. We have noted improvements in the number and qu of fraud referrals made to the BMS. We have continued encouraging MCOs to conduct oversight activities targeting CO 19-related services provided since the beginning of the PHE.
BX.2	**Contract standard for overpayments** Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.	State requires the return of overpayments
BX.3	**Location of contract provision stating overpayment standard** Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).	Section 8.3 - Treatment of Overpayments
BX.4	**Description of overpayment contract standard** Briefly describe the overpayment standard (for example, details on whether the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.	The retention of overpayments is dependent upon the circumstances under which such overpayments are identified a investigated. If the MCO does not identify and take action to recover provider overpayments in a timely manner, the Department reserves the right to identify, recover, and retain said overpayments. The Department will afford the MCO reasonable grace period, as determined by the Department, to identify and recover overpayments from MCO provider before the Department will seek to recover and retain said overpayment.

BX.5	**State overpayment reporting monitoring** Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting? The regulations at 438.604(a)(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment pieces (whether annually or promptly). This indicator is asking the state how it monitors that reporting.	The Department will send notice to the MCO with all information upon which the overpayment determination was bas along with a demand for payment. The MCO will enter into a payment agreement within thirty (30) calendar days of re notice, and effectuate payment within ninety (90) calendar days of notification.
BX.6	**Changes in beneficiary circumstances** Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).	The MCO or its subcontractor, to the extent that the subcontractor is delegated responsibility by the MCO for coverage services and payment of claims under the contract between the state and the MCO, is required to implement and mai procedures for prompt notification to the state when it receives information about changes in an enrollee's circumstar that may affect the enrollee's eligibility.
BX.7a	**Changes in provider circumstances: Monitoring plans** Does the state monitor whether plans report provider "for cause" terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.	Yes
BX.7b	**Changes in provider circumstances: Metrics** Does the state use a metric or indicator to assess plan reporting performance? Select one.	Yes
BX.7c	**Changes in provider circumstances: Describe metric** Describe the metric or indicator that the state uses.	The MCO must develop and implement written policies for an ongoing quality assessment and performance improvem program (QAPI) for the services it furnishes to enrollees. The QAPI must include several distinct, but interrelated comprehensive strategies and must be designed to achieve, through ongoing measurements and intervention, signific improvement in clinical and nonclinical areas of care that are expected to have a favorable effect on health outcomes a enrollee satisfaction. Such improvements must be sustained over time.
BX.8a	**Federal database checks: Excluded person or entities**	Yes

	During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.	
BX.8b	**Federal database checks: Summarize instances of exclusion** Summarize the instances and whether the entity was notified as required in 438.602(d). Report actions taken, such as plan-level sanctions and corrective actions.	The state found 149 providers excluded. Reasons for exclusion/termination include, but are not limited to, license suspended, license voluntarily surrendered, OIG, termination by another agency, etc. N/A for entity notification of termination.
BX.9a	**Website posting of 5 percent or more ownership control** Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to §455.104 and required by 42 CFR 438.602(g)(3).	No
BX.10	**Periodic audits** If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the plans, what is the link(s) to the audit results? Refer to 42 CFR 438.602(e).	Myers and Stauffer: Quarterly results are sent to BMS and saved on their internal systems EQRO: https://dhhr.wv.gov/bms/Members/Managed%20Care/Documents/Reports/Quality%20Reports/WV%202022%20ATR_5

Number	Indicator	Response
C1III.1	**Uses of encounter data** For what purposes does the state use encounter data collected from managed care plans (MCPs)? Select one or more. Federal regulations require that states, through their contracts with MCPs, collect and maintain sufficient enrollee encounter data to identify the provider who delivers any item(s) or service(s) to enrollees (42 CFR 438.242(c)(1)).	Rate setting Quality/performance measurement Monitoring and reporting Contract oversight Program integrity
C1III.2	**Criteria/measures to evaluate MCP performance** What types of measures are used by the state to evaluate managed care plan performance in encounter data submission and correction? Select one or more. Federal regulations also require that states validate that submitted enrollee encounter data they receive is a complete and accurate representation of the services provided to enrollees under the contract between the state and the MCO, PIHP, or PAHP. 42 CFR 438.242(d).	Timeliness of initial data submissions Timeliness of data corrections Timeliness of data certifications Use of correct file formats Provider ID field complete Overall data accuracy (as determined through data validation)
C1III.3	**Encounter data performance criteria contract language** Provide reference(s) to the contract section(s) that describe the criteria by which managed care plan performance on encounter data submission and correction will be measured. Use contract section references, not page numbers.	Contract Oversight Section 6.1 MCO Performance Section 6.2 Corrective Action Plan (CAP) Section 6.4 Failure to Meet Contract Requirements
C1III.4	**Financial penalties contract language** Provide reference(s) to the contract section(s) that describes any financial penalties the state may impose on plans for the types of failures to meet encounter data submission and quality standards. Use contract section references, not page numbers.	Section 5.10.5.3 Data Accuracy and Completeness Monitoring Program
C1III.5	**Incentives for encounter data quality** Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.	N/A
C1III.6	**Barriers to collecting/validating**	N/A

encounter data

Describe any barriers to collecting and/or validating managed care plan encounter data that the state has experienced during the reporting period.

Topic IV. Appeals, State Fair Hearings & Grievances

Find in the Excel Workbook
C1_Program_Set

Number	Indicator	Response
C1IV.1	**State's definition of "critical incident," as used for reporting purposes in its MLTSS program** If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	Critical incidents are serious in nature and pose immediate risk to the health, safety, or welfare of the member or others. These incidents require in-depth investigation, an expedited timeline, and possibly additional resources.
C1IV.2	**State definition of "timely" resolution for standard appeals** Provide the state's definition of timely resolution for standard appeals in the managed care program. Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	Standard resolution and notice of appeals must occur with the timeframes established by DHHR and may be extended up to fourteen (14) calendar days upon the request of the enrollee or if the MCO shows that additional information is necessary and that the delay is in the interest of the enrollee.
C1IV.3	**State definition of "timely" resolution for expedited appeals** Provide the state's definition of timely resolution for expedited appeals in the managed care program. Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.	If the timeframe for resolving an appeal is extended for any reason other than an enrollee request, the MCO must give the enrollee written notice of the reason for the delay within twoexpedited appeals (2) calendar days and make reasonable efforts to give the enrollee prompt oral notice of the delay. The MCO must resolve the appeal as expeditiously as the enrollee's health condition requires and no later than the date the extension expires. The MCO must inform the enrollee or his representative of the right to file a grievance if he or she disagrees with that decision.
C1IV.4	**State definition of "timely" resolution for grievances** Provide the state's definition of timely resolution for grievances in the managed care program. Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance.	The MCO must process and provide notice to the affected parties regarding a grievance in a reasonable length of time not to exceed ninety (90) calendar days from the day the MCO receives the grievance, unless the enrollee requests an extension or the MCO shows that a delay is necessary and in the interest of the enrollee. Standard resolution and notice of appeals must occur with the timeframes established by DHHR and may be extended up to fourteen (14) calendar days upon the request of the enrollee or if the MCO shows that additional information is necessary and that the delay is in the interest of the enrollee. If the timeframe for resolving an appeal is extended for any reason other than an enrollee request, the MCO must give the enrollee written notice of the reason for the delay within two (2) calendar days and make reasonable efforts to give the enrollee prompt oral notice of the delay. The MCO must resolve the appeal as expeditiously as the enrollee's health

		condition requires and no later than the date the extension expires. The MCO must inform the enrollee or his representative of the right to file a grievance if he or she disagrees with that decision.

Topic V. Availability, Accessibility and Network Adequacy

Network Adequacy

Find in the Excel Workbook
C1_Program_Set

Number	Indicator	Response
C1V.1	**Gaps/challenges in network adequacy** What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting standards.	Current challenges are where there is no providers of a specific specialty in the county or region, no appropriate provider types are located within the time/distance standards, or no provider wishes to participate that is within the time/distance standards.
C1V.2	**State response to gaps in network adequacy** How does the state work with MCPs to address gaps in network adequacy?	BMS requires the MCO to identify alternate methods for members to achieve access such as telehealth and single case agreements. The MCOs are required to mitigate all areas of deficiency by identifying other providers in the county or state to meet access standards. The state will assess corrective action plans on the MCOs for non-compliance. BMS will grant exceptions to CMOs based on additional documentation from the CMO that a provider may be seen out-of-network in the event a contracted provider arrangement cannot be obtained. There is an ongoing process of evaluation of all areas of deficiency until they have been met. Full network assessments are performed every year.

Topic V. Availability, Accessibility and Network Adequacy

Access Measures

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

Number	Indicator	Response
D1II.1a	**Medical Loss Ratio (MLR)** What is the MLR percentage? Per 42 CFR 438.66(e)(2)(i), the Managed Care Program Annual Report must provide information on the Financial performance of each MCO, PIHP, and PAHP, including MLR experience. If MLR data are not available for this reporting period due to data lags, enter the MLR calculated for the most recently available reporting period and indicate the reporting period in item D1.II.3 below. See Glossary in Excel Workbook for the regulatory definition of MLR.	**Aetna Better Health of West Virginia** 88% **The Health Plan of West Virginia, Inc.** 88.4% **UniCare Health Plan of West Virginia, Inc.** 88.4%
D1II.1b	**Level of aggregation** What is the aggregation level that best describes the MLR being reported in the previous indicator? Select one. As permitted under 42 CFR 438.8(i), states are allowed to aggregate data for reporting purposes across programs and populations.	**Aetna Better Health of West Virginia** Program-specific statewide **The Health Plan of West Virginia, Inc.** Program-specific statewide **UniCare Health Plan of West Virginia, Inc.** Program-specific statewide
D1II.2	**Population specific MLR description** Does the state require plans to submit separate MLR calculations for specific populations served within this program, for example, MLTSS or Group VIII expansion enrollees? If so, describe the populations here. Enter "N/A" if not applicable. See glossary for the regulatory definition of MLR.	**Aetna Better Health of West Virginia** N/A **The Health Plan of West Virginia, Inc.** N/A **UniCare Health Plan of West Virginia, Inc.** N/A
D1II.3	**MLR reporting period discrepancies** Does the data reported in item D1.II.1a cover a different time period than the MCPAR report?	**Aetna Better Health of West Virginia** No **The Health Plan of West Virginia, Inc.** No **UniCare Health Plan of West Virginia, Inc.** No

D1III.1	**Definition of timely encounter data submissions** Describe the state's standard for timely encounter data submissions used in this program. If reporting frequencies and standards differ by type of encounter within this program, please explain.	**Aetna Better Health of West Virginia** Complete and accurate encounter data must be submitted monthly and no later than thirty (30) calendar days after the end of the period in which the service was paid. Encounter data must follow the format and data elements as required by the HIPAA-compliant 837 transaction for medical and dental claims. The MCO must submit at least ninety-five percent (95%) of all encounter data, including those of Subcontractors, both for the original claim and any adjustment or void. **The Health Plan of West Virginia, Inc.** Complete and accurate encounter data must be submitted monthly and no later than thirty (30) calendar days after the end of the period in which the service was paid. Encounter data must follow the format and data elements as required by the HIPAA-compliant 837 transaction for medical and dental claims. Appeals Overview

Find in the Excel Workbook
D1_Plan_Set

Number	Indicator	Response
D1IV.1	**Appeals resolved (at the plan level)** Enter the total number of appeals resolved during the reporting year. An appeal is "resolved" at the plan level when the plan has issued a decision, regardless of whether the decision was wholly or partially favorable or adverse to the beneficiary, and regardless of whether the beneficiary (or the beneficiary's representative) chooses to file a request for a State Fair Hearing or External Medical Review.	**Aetna Better Health of West Virginia** 371 **The Health Plan of West Virginia, Inc.** 41 **UniCare Health Plan of West Virginia, Inc.** 918
D1IV.2	**Active appeals** Enter the total number of appeals still pending or in process (not yet resolved) as of the end of the reporting year.	**Aetna Better Health of West Virginia** 53 **The Health Plan of West Virginia, Inc.** 0 **UniCare Health Plan of West Virginia, Inc.** 30
D1IV.3	**Appeals filed on behalf of LTSS users** Enter the total number of appeals filed during the reporting year by or on behalf of LTSS users. Enter "N/A" if not applicable. An LTSS user is an enrollee who received at least one LTSS service at any point during the reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the appeal was filed).	**Aetna Better Health of West Virginia** N/A **The Health Plan of West Virginia, Inc.** N/A **UniCare Health Plan of West Virginia, Inc.** 887
D1IV.4	**Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed an appeal** For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter "N/A". Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the	**Aetna Better Health of West Virginia** N/A **The Health Plan of West Virginia, Inc.** N/A **UniCare Health Plan of West Virginia, Inc.** 3

	managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter "N/A". The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user. To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident.	
D1IV.5a	**Standard appeals for which timely resolution was provided** Enter the total number of standard appeals for which timely resolution was provided by plan during the reporting period. See 42 CFR §438.408(b)(2) for requirements related to timely resolution of standard appeals.	**Aetna Better Health of West Virginia** 289 **The Health Plan of West Virginia, Inc.** 38 **UniCare Health Plan of West Virginia, Inc.** 65
D1IV.5b	**Expedited appeals for which timely resolution was provided** Enter the total number of expedited appeals for which timely resolution was provided by plan during the reporting period. See 42 CFR §438.408(b)(3) for requirements related to timely resolution of standard appeals.	**Aetna Better Health of West Virginia** 118 **The Health Plan of West Virginia, Inc.** 3 **UniCare Health Plan of West Virginia, Inc.** 0
D1IV.6a	**Resolved appeals related to denial of authorization or limited authorization of a service** Enter the total number of appeals resolved by the plan during the reporting year that were related to the plan's denial of authorization for a service not yet rendered or limited authorization of a service. (Appeals related to denial of payment for a service already rendered should be counted in indicator D1.IV.6c).	**Aetna Better Health of West Virginia** 407 **The Health Plan of West Virginia, Inc.** 40 **UniCare Health Plan of West Virginia, Inc.** 0
D1IV.6b	**Resolved appeals related to reduction, suspension, or termination of a previously authorized service**	**Aetna Better Health of West Virginia** 0 **The Health Plan of West Virginia, Inc.**
