Supplemental Questionnaire*****QUESTION 1**

The minimum qualifications for this job title are: **Training:** Bachelor's Degree from an accredited four-year college or university. **Substitution:** Additional experience as described below may be substituted for the required training on a year-for-year basis. **Experience:** Four (4) years full-time or equivalent part-time paid or volunteer experience in a technical or program area that is related to the area of employment. **Substitution:** Post-graduate education in a field related to the technical or program area may be substituted for the required experience on the basis of fifteen (15) semester hours for one (1) year of experience. **Special Substitution:** Three (3) years of full-time or equivalent part-time paid experience in the Health and Human Resources series may substitute for the required training and experience. **Please note:** All college, university or vocational school education, licensure or certification must be verified by attaching a copy of an official transcript, license, or certificate to your online application or by emailing it to the West Virginia Division of Personnel at: applicantsservices@wv.gov **Job duty descriptions of all experience MUST be included in the Work History section of your online application in order for them to be considered as qualifying experience toward the minimum qualifications. Resumes are not accepted in place of job duty descriptions. Please include details of daily job duties on your online application. Before answering the questions about your qualifications, please note the following about qualifying experience for this job title: Any health or medical related experience is qualifying for this job title. Qualifying health or medical related experience includes but is not limited to: public health, health education, medical fields (nursing, doctors, direct patient care, etc.), mental health and counseling, social work/social services, emergency services and emergency response planning, pharmaceutical experience (pharmaceutical sales representatives, pharmacists, pharmacy technicians), and legal/paralegal experience that includes health and medical cases. Computer programming, information technology, and information systems experience is only counted as qualifying if it is requested in the job posting or if done for a health or medical related company or government agency. Human resources and related experience is only counted as qualifying if it is requested in the job posting or if working for a health or medical related company or government agency. How do you qualify for this job title?**

- I have a Bachelor's degree from an accredited college or university plus at least four (4) years of qualifying experience.
- I have an Associate's degree from an accredited college or university and at least six (6) years of qualifying experience.
- I have a Bachelor's degree and a Master's degree (both from accredited colleges or universities) and at least two (2) years of qualifying experience.
- I do not have a degree, but I have at least eight (8) years of qualifying experience.
- I have a combination of completed undergraduate semester hours and qualifying experience to equal a total of at least eight (8) years.
- I have three (3) years of full-time or equivalent part-time paid experience in the Health and Human Resources series.
- I do not meet any of the above education and experience requirements. PLEASE DO NOT APPLY.

***QUESTION 2**

The next question asks how many total years of education and/or full-time or equivalent part-time paid or volunteer health-related experience you have. To help you answer this question, please use the following equivalency chart to convert any post-high school education you have completed in to the appropriate amount of experience: Every thirty (30) undergraduate semester hours = One (1) year of experience Associate Degree = Two (2) years of experience Bachelor's Degree = Four (4) years of experience Every fifteen (15) graduate semester hours = One (1) year of experience Master's Degree = Two (2) years of experience Juris Doctor = Three (3) years of experience Doctorate/PhD = Four (4) years of experience *Please note: if your college/university used quarter hours, or if you need assistance converting your post high-school education to years of experience, please call Staffing and Recruitment for assistance at (304)-414-1852. After converting your college semester hours and/or degrees into years of experience using the chart above, please add them to any qualifying health and/or medical related experience you have in order to answer the following question. Here are some examples: If you have a Bachelor's degree and five (5) years of full-time paid nursing experience, you would count the Bachelor's degree as four (4) years of experience as per the chart above to add to your five (5) years of nursing experience to give you a total of nine (9) years of combined education and qualifying experience. Therefore, you would select: "I have nine (9) to less than eleven (11) years of qualifying experience and education combined." from the choices below. Here is another example: if you have a Bachelor's degree and a Master's degree and eight (8) years of paid social work experience, you would give yourself four (4) years for the Bachelor's degree, and another two (2) years for the Master's degree, and add that to your eight (8) years of Social Work experience for a total of fourteen (14) years of combined education and qualifying experience. Therefore, you would select: "I have fourteen (14) or more years of qualifying experience and education combined." from the choices below. How many total years of combined education and full-time or equivalent part-time paid or volunteer qualifying experience as described in question #1 above do you have?

- I have eight (8) to less than nine (9) years of qualifying experience and education combined.
- I have nine (9) to less than eleven (11) years of qualifying experience and education combined.
- I have eleven (11) to less than fourteen (14) years of qualifying experience and education combined.
- I have fourteen (14) or more years of qualifying experience and education combined.

*QUESTION 3

If you have college coursework or degrees from an accredited college or university, please enter the following information: the number of semester hours completed and any degrees you earned (including the major/field of study), the date(s) you graduated, and the school(s) you attended.
