

Would you like to make a positive impact on a child's life?

Aetna Better Health of West Virginia is now accepting Licensed Behavioral Health Centers (LBHC) to provide services for the WV Children with Serious Emotional Disorders (CSED) Waiver Program!

As an LBHC for CSED services, you will be paid to provide vital services that improve the lives of children with serious emotional disorders. Help us make brighter tomorrows!

- Agencies must have an LBHC designation in order to provide CSED services.
 - If your agency wishes to pursue becoming an LBHC, please contact the WV Healthcare Authority at 304-558-7000 to start this process.

- LBHCs that provide CSED services must have a signed contract with Aetna.
 - You may contact Dorsen McConaughy to begin this process: dpmcconaughy@aetna.com.

 - If you currently have a signed contract with Aetna, and wish to begin providing CSED services, a contract amendment will be required.

- Agencies should contact the Office of Health Facilities Licensure and Certification (OHFLAC) to notify of the addition of CSEDW services to ensure no changes are needed to your agencies license.
 - Please contact Rita Whittington to begin this process: Rita.R.Whittington@wv.gov.

- All agencies must be designated as a CSEDW provider with Gainwell in order to receive payment for services rendered.
 - Please contact Lori Mitchell at Gainwell to begin this process: dmitchell65@gainwelltechnologies.com.

We are excited to partner with you to better serve the children of West Virginia. Providers are encouraged to contact Jennifer Eva, CSEDW Senior Project Manager at 304-533-8300 or evaj@aetna.com for more information.
