

Kepro will maintain a list of pre-approved internet-based training providers. Currently the following provider is approved and requires no advance request for approval.

Case Manager Training -Initial and Annual Requirements

Training Topic: Person-centered planning and Service Plan development

The National Center on Advancing Person-Centered Practices and Systems

<https://ncapps.acl.gov/webinars.html>

NCAPPS host informational webinars on a variety of topics related to person-centered thinking, planning, and practice. The webinars are open to the public and the content is geared toward human services administrators, providers, and people who use long-term services and supports.

Training activities include listening to the recording and viewing slides.

Documentation proving successful completion of training, would be a completed posttest (**must be developed by the Case Management Provider**) and the required training log.

Kepro has reviewed and selected the following webinars that can be used to meet initial and annual training requirements for Case Managers.
