1	3/25/21	I would like to suggest that the monthly in-home visit be changed to quarterly. A monthly visit would be cumbersome for participants. Most participants can be managed with a mandatory quarterly home visit. The option is always there to make a visit if needed. AD Waiver CM Visits are mandatory quarterly.	No Change- BMS will take this under consideration during the next waiver renewal period, however, since there was no public comment made during the TBIW application period for this issue, the application was approved by CMS for monthly home visits and the monthly rate of \$174.00 has been set up. This is subsequently reflected in the policy manual to require monthly home visits.
