ARRA EHR Incentives

- Available to eligible Providers and Hospitals
- Providers must select Medicare or Medicaid
 - Medicare - \$44,000 potential total payment per eligible provider
 - Medicaid - \$63,750 potential total payment per eligible provider
- First payments being provided this year (2011)
- Tied to achieving three progressively more complex “meaningful use” stages to be rolled out over the next several years

Medicaid EHR Incentive

Under Medicaid, Eligible Professionals (EPs) are:

- physicians (primarily doctors of medicine and doctors of osteopathy),
- dentists,
- nurse practitioners,
- certified nurse midwives, and
- physician assistants (practicing in a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) led by a physician assistant).

Must have 30% Medicaid patient volume. For those practicing in an FQHC or RHC, must have 30% “needy individual” volume which includes Medicaid, WV-CHIP, sliding fee, and free care.

Meaningful Use

- Meaningful Use occurs in three stages, with Stage 1 starting in 2011
 - New rules will be published in 2013 and 2015 (Stages 2 and 3) – each stage will be more comprehensive
- Focus areas for each stage
 - Stage 1: Data capture and sharing
 - Medicaid first-year: A/I/U
 - Stage 2: Advanced clinical processes; exchange*
 - Stage 3: Improved outcomes*

** Requirements for Stages 2 and 3 will be defined in future CMS rulemaking.*

Medicaid - First Year: Adopt/Implement/Upgrade (A/I/U)

- Adopted – Acquired and Installed
 - Ex: Evidence of installation prior to incentive
- Implemented – Commenced Utilization of
 - Ex: Staff training, data entry of patient demographic information into EHR
- Upgraded – Expanded
 - Upgraded to certified EHR technology or added new functionality to meet the definition of certified EHR technology

Year 1 investment relates to “up until now”; years 2-6 updated each year

Medicaid EHR Registration/Attestation

THE PROCESS

Two-Step Process

1. National Registration
2. State BMS Portal

You must register before you can submit attestation

- <https://ehrincentives.cms.gov/hitech/login.action>

Process – Step 1

- Register at the CMS National Level Repository (NLR)

<https://ehrincentives.cms.gov/hitech/login.action>

Note: You will need to be prepared to enter and select the following information at the NLR:

- National Plan and Provider Enumeration System (NPPES) Logon and Password:
<https://nppes.cms.hhs.gov/NPPES/>
 - Provider Name
 - National Provider Identification (NPI)
 - Business Address and Phone
- Input “Incentive Payment To” Tax Identification Number (TIN)
Note: Please call 1-888-483-0793 (Molina Provider Services) to have your information on file changed.

Process – Step 1

- Select Medicaid EHR incentive
- Select West Virginia as the “State” for Medicaid EHR incentive participation
- Record CMS EHR Product Certification Number
Note: The NLR will walk you through on going to <http://onc-chpl.force.com/ehrcert> to obtain your CMS EHR Product Certification Number if you do not already have one.

Process – Step 2

- Wait **2 business days...** then access the WV EHR Provider Incentive Payment program secure site by going to:

www.wvmmis.com

- Select the WV EHR Incentive Program, and login to the secure site using your web portal user name and password.

NOTE: Providers without a user name and password who work in certain types of clinics will need to first enroll via the web portal registration secure site to receive an ID and location code.

WV Process-once NLR registration complete

Go to www.wvmmis.com, login, and select the W.V. Medicaid EHR Incentive Program. Providers are required to have a login user name and password. Please call 1-888-483-0793 or use the following link <https://www.wvmmis.com/xjRegManage/tradingPartnerRegRight.screen> for a login user name and password.

Welcome to the Provider Incentive Payment System for the Medicaid EHR Incentive Program

About This Site

The Medicaid Electronic Health Records (EHR) Incentive Program provide incentive payments to eligible professionals and eligible hospitals as they demonstrate adoption, implementation, upgrading, or meaningful use of certified EHR technology. These incentive programs are designed to support providers in this period of Health IT transition and instill the use of EHRs in meaningful ways to help our nation to improve the quality, safety, and efficiency of patient health care.

The Provider Incentive Payment (PIP) system is for the Medicaid EHR Incentive Program. Those wanting to take part in the program will use this system to participate in the program.

Additional Resources: For User Guides to Registration and Attestation that will show you how to complete these modules, a list of EHR technology that is certified for this program, specification sheets with additional information on each Meaningful Use objective, and other general resources that will help you complete registration and attestation, please visit [CMS website](#) 

Eligible to Participate - There are two types of groups who can participate in the program. For detailed information, visit [CMS website](#) .

Registrations

Registration Instructions

Welcome to the Registration Page.

Eligible Professionals (EP) and Eligible Hospital(s) can register for the Medicaid EHR Incentive Program at the CMS Website. Please allow at least 24 hours for the State to receive and process your registration.

Once the State has received and processed your registration, you can add the registration to the list below. Registrations in this list will appear on the Attestation tab and the Status tab.

Select one of the following actions to manage the registrations associated with your Provider Incentive Payment System (PIP) user account:

Add Registration

Please select the **ADD REGISTRATION** button to associate a registration with your PIP user account for any of the following reasons:

- You are an EP or eligible hospital and have completed the Medicaid EHR Incentive Program registration at the CMS Website. You want to associate the registration with your PIP account to begin attestation.
- You are working on behalf of an EP or eligible hospital and want to view the provider's EHR Incentive Program records and/or attest on behalf of the provider.

View Registration

Please select the **View** action next to the registration in the list to view the registration information that was entered at the CMS Website.

Remove Registration

Please select the **Remove** action next to the registration in the list to disassociate the registration from your PIP user account. The registration and attestation information will not be lost. You can re-associate the registration by selecting the **ADD REGISTRATION** button.

Registration Selection

Identify the desired registration and select the Action you would like to perform.

Action	Name	Tax Identifier	National Provider Identifier (NPI)	Status	Action
Select	General Hospital	xxx-xx-1234	123	Active	Remove
Select	Provider Name	xxx-xx-1234	456	Active	Remove

Please select the **ADD REGISTRATION** button to add a registration to the list.

WV Medicaid Provider Services, PO Box 2002, Charleston, WV 25327-2002

Process – Step 2

- Attest that at least 30% of all encounters (20% if a Pediatrician) within a consecutive 90-day period from the previous calendar year were with Medicaid patients. To obtain this documentation, run a report for any consecutive 90-day period for the total Medicaid encounters. An encounter is defined as an unduplicated personal direct contact (or series of contacts occurring within the same day).
- Enter:
 - Total number of patient encounters in a consecutive 90-day period.
 - Total number of encounters for Medicaid patients in a consecutive 90-day period.

Note: If practicing in an FQHC or RHC, use the number of encounters attributable to services provided to “needy individuals”. Encounters for services rendered to needy individuals on any one day include services paid for by Medicaid or Children’s Health Insurance Program (CHIP), furnished at no cost or paid for at a reduced cost based on a sliding scale determined by the individuals ability to pay during a consecutive 90-day period.

Things To Keep In Mind

Providers Practicing in an FQHC:

A provider is considered an FQHC provider if more than 50% of their encounters over a period of 6 months during the most recently completed calendar year are in an FQHC or RHC. The Medicaid registration system will allow for assignment of payment by a provider to any entity set up as a “pay to” entity in the provider’s profile.

Contracts often define the fiscal relationships between providers and the organization, and these contracts will govern payment assignment.

The Medicaid registration system will allow for assignment of payment by a provider to any entity set up as a “pay to” entity in the provider’s profile.

Attestation Process Notes

- You do not need to complete the Attestation process in one sitting. Each screen in the Attestation flow has a **Save and Continue** button. This will save your changes and allow you to stop at any time without the loss of data that was entered on that page. The attestation process does not allow you to skip forward to screens or jump past a screen without entering data. You may edit answers until you have submitted the attestation.
- The BMS Provider Incentive Payment Manual includes a worksheet that can be completed in advance of starting the online process.
- Even though eligible professionals are not required to provide MU objectives measures during the first year, the online system will walk you through all of the objectives before the actual attestation is made.

Adopt, Implement, or Upgrade EHR

[Attestations](#) > [Attest](#) > Adopt, Implement or Upgrade

(*) Red asterisk indicates a required field.

Instructions:

The Medicare and Medicaid EHR Incentive Programs require the use of certified EHR technology. Standards, implementation specifications, and certification criteria for EHR technology have been adopted by the Secretary of the Department of Health and Human Services. EHR technology must be tested and certified by an Office of the National Coordinator (ONC) Authorized Testing and Certification Body (ATCB) in order for a provider to qualify for EHR incentive payments.

REMEMBER: You do not need to have your certified EHR technology in place to register for the EHR incentive programs! However, you must adopt, implement, upgrade, or successfully demonstrate meaningful use of certified EHR technology under the Medicaid EHR Incentive Program before you can receive an EHR incentive payment.

Enter the CMS EHR Certification ID you received from the ONC EHR CHPL Web site.

*CMS EHR Certification Number: 896

*Adopt/Implement/Upgrade Status: Adopt

I certify that I adopted, implemented, or upgraded to the above EHR for a 90-day period in the current payment year ,starting on the following date.

*Please select a 90-day period in the current payment year

Start Date: 6/1/2011 End Date: 6/1/2011

Things To Keep In Mind

AIU – Acquire, Implement, Upgrade

- (a) acquiring, purchasing or securing access to certified EHR technology;
- (b) installing or commencing utilization of certified EHR technology capable of meeting meaningful use requirements; or
- (c) expanding the available functionality of certified EHR technology capable of meeting meaningful use requirements at the practice site, including staffing, maintenance, and training, or upgrade from existing EHR technology to certified EHR technology per the ONC EHR certification criteria.

Things To Keep In Mind

A/I/U – Aquire, Implement, Upgrade

For the West Virginia Medicaid EHR Provider Incentive Payment program a provider must demonstrate A/I/U for year 1 by simply selecting within the West Virginia EHR Provider Incentive Program web portal whether they are going to adopt, implement, or upgrade.

However, providers should be prepared to provide proof of A/I/U according to the West Virginia Medicaid Provider Manual Common Chapter Section 800.19 Maintenance of Records.
