

2014 TRAINING SCHEDULE

G290 BASIC PIO (16 HRS) JANUARY 14<sup>TH</sup>-15<sup>TH</sup>, 2014

Chief Logan Conference Center (Carla McBee)

This course is an updated, shortened, and revised version of the previous G290 course. The revised course emphasizes skills development, addresses the impact of technology on emergency public information, and offers options that allow States to tailor the instructional methodology to suit their needs while consistently meeting the course learning objectives.

Selection Criteria:————— The primary audience for this training is individuals who have public information responsibilities as their main job or as an auxiliary function at the State, local, or Tribal levels of government.

G291 JOINT INFORMATION SYSTEM/CENTER PLANNING FOR PIO'S (8 HRS) FEBRUARY 11<sup>TH</sup>, 2014

North Bend State Park (Don Williams)

This course is an updated, shortened, and revised version of the previous G290 course. The revised course emphasizes skills development, addresses the impact of technology on emergency public information, and offers options that allow States to tailor the instructional methodology to suit their needs while consistently meeting the course learning objectives.

Selection Criteria:————— The primary audience for this

training is individuals who have public information responsibilities as their main job or as an auxiliary function at the State, local, or Tribal levels of government.

G270.4 RECOVERY FROM DISASTER THE LOCAL GOVERNMENT ROLE (16 HRS) MARCH 18<sup>TH</sup>-19<sup>TH</sup>, 2014

Pipestem State Park (16 Hrs) Jeff Harvey

Government Role (G270.4)

This workshop is a condensed version of the 4 day EMI resident course.

The Workshop in Emergency Management (WEM) is designed for ½- to 2-day delivery, depending on local need, and covers the roles and responsibilities of local recovery team members.

Selection Criteria: Local government emergency managers, city and county administrators, community planners, building inspectors, and public works directors.

G557 RAPID NEEDS ASSESSMENT (12 HRS) APRIL 15<sup>TH</sup>-16<sup>TH</sup>, 2014

Cacapon State Park (Don Williams)

Communities can use the Resource Guide for

developing a plan and procedures for rapidly and efficiently collecting disaster intelligence immediately following a disaster. This intelligence is used to prioritize response activities, allocate available resources, and specifically request resources from other sources to save and sustain lives.

Selection Criteria: Any community working to improve

its disaster intelligence collection procedures.

G386 MASS FATALITIES INCIDENT RESPONSE (17 HRS) MAY 13<sup>TH</sup>-14<sup>TH</sup>, 2014

Twin Falls State Park (Carla McBee)

This 2-day course prepares local and State response personnel and other responsible agencies and professionals to handle mass fatalities effectively and to work with the survivors in an emergency or disaster.

This course covers incident management, mass fatalities, planning before and operations during an incident, establishing the morgue, family assistance support operations, and assistance from the Federal government. The course concludes with a tabletop exercise.

Selection Criteria: The course is designed for a wide audience, encompassing the range of personnel with a role to play in mass fatality incidents. Coroners, medical examiners, funeral directors, heads of first response agencies (fire, police, EMS, etc.), planners, and emergency management coordinators will benefit from this course.

G364 MULTI HAZARD PLANNING FOR SCHOOLS (16HRS) JUNE 17<sup>TH</sup> -18<sup>TH</sup>, 2014

Hawks Nest State Park (Don Williams)

This 2-day course provides schools with the knowledge, skills, and tools needed to refine or develop an all-hazards school Emergency Operations Plan

(EOP) and to identify how to train and exercise the school EOP. This course follows the guidance set forth in the FEMA Comprehensive Preparedness Guide, CPG 101, for developing an emergency operations plan and explains how to utilize the National Incident Management System (NIMS) as the foundation for planning and building partnerships with outside agencies such as law enforcement, fire, and emergency management.

In an optional exercise day, this course provides participants with an opportunity to conduct and design a tabletop exercise using Homeland Security Exercise and Evaluation Program (HSEEP) guidelines.

After completing this course, participants will be able to:

- Refine or develop a school emergency operations plan (EOP). Throughout the course, the school will review the existing EOP, determine areas for improvement, and make changes/updates to the EOP.
- Identify how to train and exercise the EOP. The school will describe the benefits of training and exercising the school's EOP, and identify who needs to be involved in training and exercising the EOP.

Selection Criteria: Principals, assistant principals, risk managers, school board members, school safety

coordinators, transportation and food service coordinators, facility managers/building engineers, nurses, counselors, public information officers, teachers, and local first responders.

Prerequisites:

Required: School EOP.

G272 WARNING COORDINATION (12 HRS) JULY 15<sup>TH</sup>-16<sup>TH</sup>, 2014

Blackwater Falls State Park (Dave Bradley)

This 1½-day field course is the latest in the hazardous weather series of courses produced in partnership with the National Weather Service (NWS).

Every year the United States experiences more severe weather than any other country in the world. In order to reduce deaths, injuries, and property losses, emergency managers must work closely with the NWS and the news media to provide effective warnings that can be received and understood by people at risk. This course is intended to help facilitate that process.

Course topics include The Social Dimensions of Warning Response; Developing Effective Warning Messages; Developing an Effective Community Warning Process; and Working with the News Media to Create a Weather Warning Partnership. In addition

to lecture and discussion, the course includes case studies, exercises, and an opportunity for interaction with representatives of the local news media.

Selection Criteria: Intended for local emergency managers.

G358 EVACUATION AND RE-ENTRY PLANNING (12 HRS) AUGUST 19<sup>TH</sup>-20<sup>TH</sup>, 2014

Dave Bradley

This course is designed to provide participants with the knowledge and skills needed to design and implement an evacuation and re-entry plan for their jurisdictions. It uses a community's vulnerability analysis and evacuation plan. It also addresses evacuation behavior and recommends methods to make evacuation and re-entry more efficient.

This course does not address the decision to evacuate or re-enter.

Selection Criteria: The persons responsible for planning, implementing, and carrying out evacuations within a jurisdiction must attend this course as a team. This includes, but is not limited to, local and State government emergency program managers, emergency planners, and response personnel.

G775 EOC MANAGEMENT AND OPERATIONS (16 HRS) SEPTEMBER 16<sup>TH</sup>-17<sup>TH</sup>, 2014

Chief Logan Conference Center (Dave Bradley)

This course explores the role, design, and functions of EOCs and their relationships as components of a multiagency coordination system. The course contains disaster-related examples, activities, and case

studies that relate to EOCs and multiagency coordination systems at the local, State, and Federal levels of government.

Total hours offered at the State level = 125
