- Attend the session.
- Take the post-test and evaluation after the session.

Cost: Free

Enroll: ncdptraining.org/PER-420-10-1-24-WV

About this Training

This performance level, instructor-led training will provide participants with an understanding of climate change and community resilience.

By the end of this course, participants will be able to fulfill the following learning objectives:

1. Assess ways in which climate models can project future climate conditions.
2. Demonstrate competency with the Resilience Analysis and Planning Tool (RAPT) and the National Risk Index (NRI).
3. Analyze disaster scenarios regarding future climate and social conditions.
4. Analyze how climate disruptions can negatively impact community lifelines, supply chains, and vulnerable communities.

⇒ Sign Up to Enroll in the Training

1. **Register** for a FEMA SID at cdp.dhs.gov/femasid/register.
2. **Register** for this course by visiting "[PER-420 in West Virginia \(Hybrid\) on October 1st, 2024](#)" and clicking "Enroll."
3. **Take** the pre-test before the session and **attend** the session.
4. **Take** the post-test and the evaluation after the session.
5. Reminders will be sent out before the live session. For registration assistance, email ncdptraining@columbia.edu.
