

# Methamphetamine Use Disorders Workshop

Clinical Challenges and Evidence-based Treatments

**September 27, 2019 | 9:00 a.m. - 2:00 p.m.**  
**(Lunch Provided)**

**Holiday Inn & Suites**  
**400 2<sup>nd</sup> Avenue SW, South Charleston, WV 25303**

## Workshop topics:

- Current data on the escalating use of methamphetamine;
- A description of strategies for addressing methamphetamine overdose, intoxication, and psychosis;
- An overview of the unique clinical challenges of treatment for persons dependent upon methamphetamine;
- The current evidence-based practices (EBPs) that are effective for treating persons for methamphetamine dependence; and
- Strategies and examples for implementing EBPs in real world treatment programs.

## Presenter: Richard A. Rawson, Ph.D.

**Dr. Richard A. Rawson** is the retired Co-Director of UCLA Integrated Substance Abuse Programs and now Professor Emeritus at the UCLA Department of Psychiatry, where he has been a member for more than 20 years. Dr. Rawson oversees clinical trials on pharmacological and psychosocial addiction treatments. He is principal investigator of the NIDA grants on aerobic exercise, screening and brief intervention in a mental health setting, and a Fogarty training grant between UCLA and Cairo University. He has led addiction research and training projects for the United Nations, the World Health Organization, the Drosos Foundation, and the U.S. State Department, exporting science-based knowledge to many parts of the world.
