

***Disclaimer: This list is likely not inclusive of all Phlebotomy programs available in the state. Medical Assisting programs, which are not listed here, typically include phlebotomy training as well. The inclusion of a program on this list does not represent an endorsement from our office. Please verify the program you select meets the requirements for certification as a phlebotomist.**

MLT, MLS, and PA programs must be accredited by NAACLS. Information regarding these programs was collected from the NAACLS website at naacls.org.
