

First Annual
West Virginia Regional Rural Health Clinic Network
Performance Improvement Meetings

Each day will feature financial and operational performance improvement content geared toward provider-based and independent RHCs. Feel free to choose any date to attend. Sessions will include financial and operational best practices, revenue cycle improvement, cost report opportunities, productivity benchmarking and best practices, RHC services enhancements, overview of recent regulatory developments affecting RHCs, and other nuggets leading to stronger operating performance and improved financial position. The sessions will be facilitated by our technical assistance partner Wintergreen, a Maine-based rural healthcare advisory firm specializing in rural health clinic and hospital performance improvement.
