

LINCOLN COUNTY INDOOR AIR REGULATION OF 2002

Sec. 1000. Title

This article shall be known as the Lincoln County Clean Indoor Air Regulation of 2002.

Sec. 1001. Findings and Purpose

The Lincoln County Board of Health does hereby generally accept that:

Numerous studies have found that tobacco smoke is a major contributor to indoor air pollution, and that breathing secondhand smoke is a cause of disease, including lung cancer, in nonsmokers. At special risk are children, elderly people, individuals with cardiovascular disease, and individuals with impaired respiratory function, including asthmatics and those with obstructive airway disease; and

Health hazards induced by breathing secondhand smoke include lung cancer, heart disease, respiratory infection, and decreased respiratory function, including bronchoconstriction and bronchospasm.

Accordingly, the Lincoln County Board of Health finds and declares that the purposes of this ordinance are (1) to protect the public health and welfare by prohibiting smoking in public places and places of employment; and (2) to guarantee the right of nonsmokers to breathe smoke-free air, and to recognize that the need to breathe smoke-free air shall have priority over the desire to smoke.
