

## **Process for Updating CDCSP Financial Limitations Annually**

- 1. Update annually on first day of new calendar year**
- 2. Post on BMS website on CDCSP page**

**Acute Care Hospital-GEOM** ALOS from October MS Rate Update, Exhibit – DRG – Parameter (Myers and Stauffer) is used to establish the average ALOS. The rate per day will be provided by Myers & Stauffer based on most recent rate update.

Note: 2013 rate based on 3.7 day average stay

**Nursing Facility** – Use 372 Report – NH facility only Annual Cost (do not include the cost per person adjusted for acute care services)

Note – includes Medicare payments so the cost reported is actually lower

**ICF/IID** – Use 372 Report: Use only the facility cost (Do not include the cost adjusted for acute care services)
